HTML Tags

You don't need to memorize these tags, but try not to use this reference sheet if you don't need to. Once you start using them more often they will start coming to you naturally.

```html
<body>
    <!-- All visible content goes here -->
</body>

<div>
    <!-- Divides content and helps formatting -->
</div>

<ol>
    <li>
    ...
</ol>

<ul>
    <li>
    ...
</ul>

<h1>...</h1> to <h6>...</h6>

<p>...</p>

<a attribute="value">...</a>
```

Self-Closing Tags

```html
<img attribute="value">

<br>
```
